angelalambmd "It's the ✨ Lamb Difference ✨ for me!

I pride myself on my distinctions as a physician – it's something I call the Lamb Difference.

I'm a highly sought-after physician and educator, not only because I provide top-quality care, but because I'm committed to education and continuously evolving as a medical practitioner. I will remember you, and your story.

I'm passionate about the intersection of healthcare and technology, always implementing the most cutting-edge equipment, techniques, products, and procedures for patients.

One of my driving forces is accessibility – how my patients contact + interact with me is of utmost importance. Yes, it can be difficult to get an appointment! But you can always reach out to me directly. The difficulty in getting an appointment is for the following reasons. I still accept many insurances, you will always see me, and not a nurse, PA, or associate.

I believe that dermatological exams must include a holistic assessment of the whole person:
